

**Facilitator end of event evaluation**

Were the course objectives met? If not, why not?

Are there any sessions which do not contribute to the course objectives? If yes, please specify which, and provide your view on the relevance of these sessions to the course.

If any session did not run as written, please note this here and provide a brief description of what was changed and why.

Please provide any comments on the structure and logic of the course:

Was the course appropriate for the participants? If not, why not?

Were the roles and responsibilities (as outlined in the course ToR) clear and appropriate?  
If not, why not?

What was most successful about this learning event?

What suggestions do you have to improve this course next time it runs?
