

INDUCTION TO IFRC OPERATIONS

LEARNING PROGRAMME

**Step into Surge
operations with
confidence.**

+CIFRC
Surge Learning

Target audience:
Tier 1 Rapid Response
Personnel (and a
refresher for Tiers 2
and 3)

6 weeks
online
facilitated
cohorts

Classes

Practice
sessions

Preparation

Graded
assignments

e-learning

1-on-1 with
tutor

Week 2
Surge
Procedures

Week 1
Joining the
Surge Team

Week 3
Logistics and
Management

Week 4
IFRC Values

Week 5
Transitioning
Out

- Prepare to navigate critical IFRC systems, policies, and procedures in emergency operations.
- Make your life easier and more effective during deployment.

WE OFFER :

- Interactive online learning experience with scenario-based activities
- Independent e-learning, application-focused live sessions, and one-on-one tutoring

Feedback from participants confirmed that it is the best tool to help personnel spend more time on impactful tasks and less time on paperwork during deployment

Outcome:

Become a member on the **Rapid Response Management System (RRMS)**

INDUCTION TO IFRC OPERATIONS

LEARNING PROGRAMME

**Step into Surge
operations with
confidence.**

+C IFRC
Surge Learning

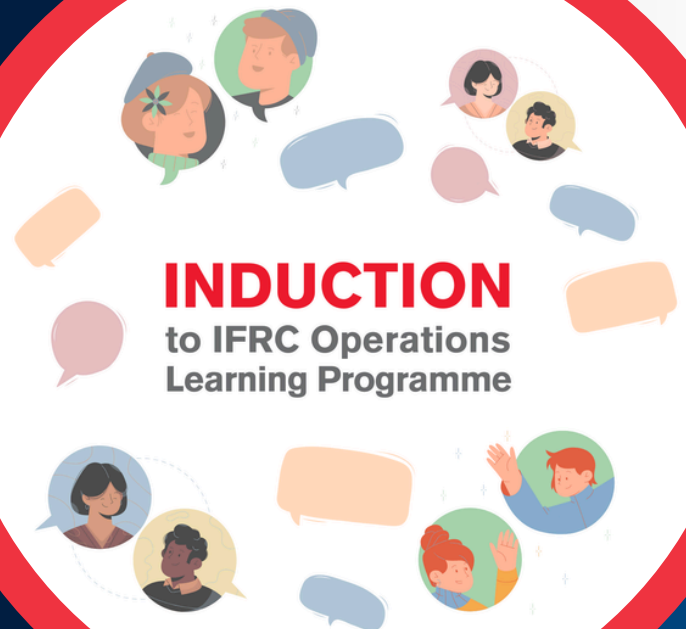

What you need:

- enough time (10-12 hrs per week)
- availability for deployment in the next 2 years

**Participation fee:
600 CHF**

Selection criteria:

- Emergency response experience
- Technical sector expertise
- Ability to work in challenging contexts
- Collaborative mindset
- Strong English language skills
- Solid digital literacy

FROM OUR EVALUATIONS:

I found it valuable to see and use all the forms, templates and plans. Understanding the flow of information and how the federation operates will really support me in any future deployments.

The workload is a lot! But you also learn a lot, so it is worth it.
